**Presidents Message:** *Welcome back! We had no meeting in March due to an extended Spring Break, so I know that there is lots to discuss! We have partnered with Mr. Metcalfe and Div. 1 to help the fundraise towards thier year end activities. Every one should have recived an order form for potting mix from Foundation Organics, the kids are making \$2.75 for every bag sold! They are also interested in selling start plants at the Carnival if any one is interested in helping them. At this time I would like to welcome Mr. Dave Benett from Sooke Emergency Sercvices for coming to speak with us today. **We recived a "Thank You " Card from the Sooke Council reconizing the Volunteer work that our PAC does.***

**Tresures's Message:** *We are doing okay right now, just a little under budget for this time of year. Our GIC has come to term and we need to decide what to do. She will help mentor the new tresure during the 2016/17 school year.*
